ABOUT US

WE MAKE **IT** EASY FOR YOU

Ready to save time & money on network solutions?

Your organization needs, and deserves, a technology partner who will take the time to understand your business and your goals and implement solutions that let you increase productivity and your bottom line. We believe to be the bridge between the changing markets and the evolving of our clients. Our aim is to always offer the highest possible standard of service, and we do that by giving you our undivided attention whenever you need us.

Our dedicated consultancy team will create a detailed strategy that will help grow your business and return on investment. Huge savings are possible when you have a skilled, experienced team capable of taking a vision through to a robust, reliable infrastructure and beyond. Discover how PURE ICT can add value to your business.

---

98 %

OF OUR CUSTOMERS WOULD RECOMMEND US TO A COLLEAGUE

Our name PURE ICT is our commitment to our customer:

Professional, Unconventional, Reliable and Efficient services based on your key business needs. Your success is our success. We guarantee high quality service and consistency. We let our customers set the bar and make sure that we always over-deliver.

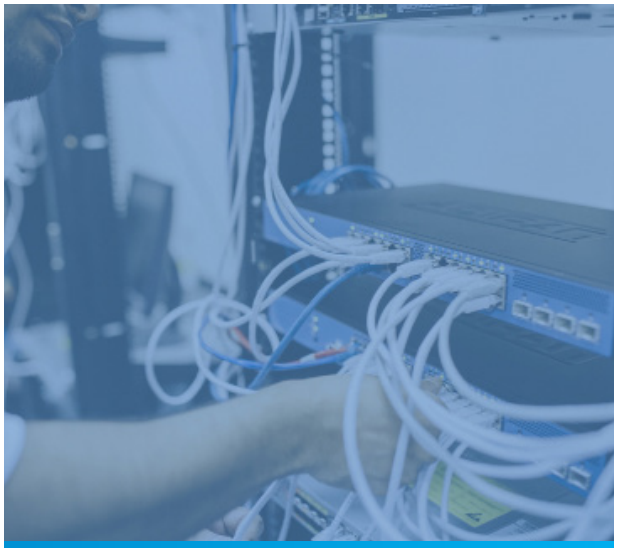
IT SERVICES

WE MAKE **IT** EASY FOR YOU

Network Scan

Scan your network to identify vulnerabilities, receive detailed analysis & advise to achieve compliance

A robust and compliant network is vital to your business. A network scan enables you to detect network vulnerabilities before they are exposed, reducing the time required to patch machines on your network.



Infrastructure

Renew or expand your infrastructure of (fibre) cables creating a solid foundation for all devices to operate

IT infrastructure refers to the foundation of cables required for the operation and management of an enterprise. Keep your business continuously available, delivering personalized experiences via agile infrastructure and services.

We believe in helping companies all over the Caribbean thrive by enabling teams to work together effortlessly. Effortless, reliable and accurate information technology at their fingertips at all time. Discover our IT services.

PURE

OUR VALUES

PURE ICT's core values are Professional, Unconventional, Reliable, and Efficient which are the pillars upon which the company is built. Our core values are " the way we do things in PURE ICT". They define the way we should act as individuals and as a company . We encourage new ideas and endeavour to find new and cost-efficient ways of operating in order to satisfy customer needs and to achieve continuous improvement.

PROFESSIONAL

Providing timely feedback, think for our customers, provide new is how we are professional and comitted to our customer

UNCONVENTIONAL

Believing what has been done for years doesn't need to change is what we on a daily basis try to contradict by iimproving methods to meet our customers need.

RELIABLE

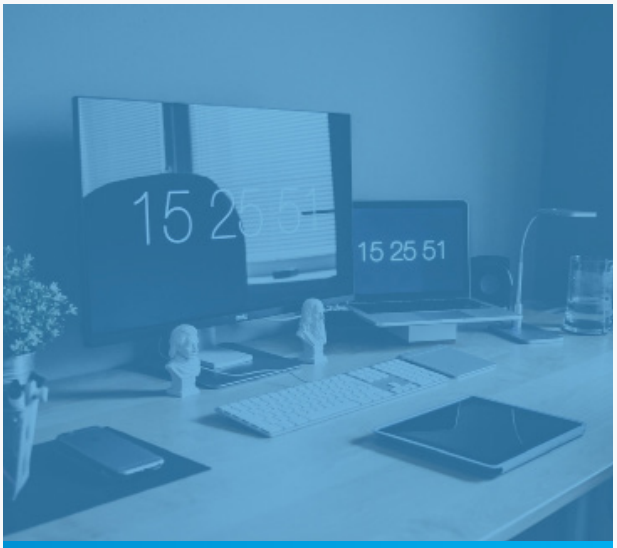
Customers need IT support on a daily bass and being reliable is crucial to ensure business continuiuty, therefore we operate 24/7 for our customer and always do what we say we do.

EFFICIENT

Doing more in less amount of time is what we strive for through providing our customer high quality service through helpdesk and on site support by provinding permanent solutions.

IT SERVICES

WE MAKE **IT** EASY FOR YOU



Network Solution

Install devices on your network while ensuring proper network protection and performance

Businesses demand for faster and more accessible bandwidth is increasing exponentially. Having proper network performance and protected network is a must, therefore through network solution we connect all your devices without any disturbance.

Virtualization

Lowering your cost by installing your server virtually

Buying more than one physical server is not an option. To prevent more cost for your business we will install all your servers virtually while you can add more space as needed.

IT SERVICES

WE MAKE **IT** EASY FOR YOU

Security

Protection against cyber attacks by checking any vulnerability and patching all devices

Cyber security has become a IT Topic trend lately but little do we know that companies hasve not taken it seriously. Running a vulnerability test within your company is important to detect and prevent security breaches.

Data Protection

Protecting your data from theft or loss while data is backup to ensure business continuity

Natural desaster, theft, human mistakes happen daily which causes data loss but having a backup of your data will ensure your business continuity.

" It takes 20 years to build a reputation and few minutes of cyber-incident to ruin it. So take care of your security" -S. Nappo

"PURE ICT is trustworthy and reliable. PURE ICT says what they do and do what they say! It is very refreshing the way PURE ICT asks and gives feedback to their clients. It is evident in everything PURE ICT does that the client is central"
I simply love being a client of PURE ICT

"After 6 years we are just as pleased to do business with PURE ICT as we were after our very first experience with the service provided by its present owner. Apart from its knowledge and professionalism, PURE ICT also excels in having a very friendly and service minded staff."

Aim for Customer loyalty

« Get closer than ever to your customers. So close, in fact, that you tell them what they need well before they realize it themselves»

-Steve Jobs

IT SERVICES

WE MAKE **IT** EASY FOR YOU

Interface Development
